

2020 EVENTS & CRITERIA AMENDMENTS DUE TO COVID-19

1. Criteria for an event to take place

ITU guidelines for all LOCs to use. If LOCs cannot ensure ETU that these guidelines can and will be used, the event cannot take place. Furthermore, the event host country government cannot have any restrictions on events taking place and there should be no travel restrictions for the majority of the European Countries.

2. Deadline to cancel events

Deadline to cancel events depends on the fact if the race includes AG participation or not.

Therefore, for European Championships involving AG participation deadline to cancel the events is 10 weeks prior to the race date, for the European Championships not including AG participation and all European Cups (elite and juniors) 8 weeks. We recommend National Federations wait to book any travel until the event cancellation deadline for each event has been expired. We also recommend having travel cancellation insurance as the situation changes on a regular base.

3. European Cups Ranking criteria

Due to the decision of the ITU there will not be any points for the ITU World Rankings and Continental rankings from either Continental Championships and Continental Cups before the Olympic Ranking is active again.

ETU will try to maintain the European Cup rankings, the U23 rankings, junior rankings and the junior's nation standing.

It is also our goal to pay the pool prize money in full to the athletes. However, we cannot currently guarantee this. The full amount of the pool prize money can only be paid if we can also implement the calendar presented under point 4 and also generate the necessary income. We will make a clearer statement about this at the end of June at the latest.

The following criteria were decided based on the new events calendar.

i. elite ranking

40,000€ pool prize money for top 10 athletes. 3 levels, European Championships (600 points), European Cups (250 points), regional Championships (150 points).

At the moment we have in the calendar 1 European Championships and 4 European Cups, so 5 events. If there are:

- 5 or more events on the calendar: 3 events counting for the ranking;
- 4 races on the calendar: 2 events counting for the ranking;
- 3 races or less on our calendar: there will be no ranking, and no pool prize money.

ii. U23 ranking

15,000€ pool prize money for top 10 athletes. 2 levels, European Championships (500 points), European Cups (250 points).

At the moment we have the European Championships + 4 European Cups in the calendar, so 5 events. If there are:

- 5 or more events on the calendar: 3 events counting for the ranking;
- 4 races on the calendar: 2 events counting for the ranking;
- 3 races or less on our calendar: there will be no U23 ranking and also no prize money.
